

HURON IACUC

THE BUSINESS OF RESEARCH IS ONLY GETTING MORE COMPLEX AND CHALLENGING

The fiercely competitive research environment challenges institutions to maintain a world-class research enterprise that moves society forward, promotes innovation and advances knowledge – all without adding additional administrative burden to researchers.

Simplify animal protocol construction and improve turnaround times with Huron’s IACUC solution. Designed to support logical and efficient protocol data entry, Huron IACUC also improves collaboration between investigators, IACUC coordinators, training coordinators, veterinary reviewers, Post-Approval Monitoring (PAM) coordinators and committee members through all IACUC activities from new protocols to de novo reviews.

Designed to help your organization reduce noncompliance risk, Huron IACUC also provides access to species, procedures, substances, training information and inspections at any given point in time. In addition, our reporting tools and templates helps ease the generation of periodic regulatory reports.

Huron IACUC is part of the Huron Research Suite, a comprehensive solution to facilitate communication, relieve administrative burden and free up time for what matters most – your research mission.
